

VISYAL®  
20 - 25  
FILLER

- Natural results
- Safe, predictable

A viscoelastic filler, formulated to guarantee the maximum in terms of natural-looking results. It integrates perfectly in the skin tissues, thanks to its rheological characteristics, keeping facial volume at the correct level, both statically and dynamically. Visyal is reabsorbed into the tissues with distribution kinetics depending on its infiltration depth: this guarantees natural and predictable results.

INGREDIENT	HA RETICULATED	HA RETICULATED
Concentration	20 mg/ml	25 mg/ml
HA Molecular weight	2400 - 4000 kDa	2400 - 4000 kDa

G'	267 [Pa]	440 [Pa]
Free Residual BDDE	< 50 ppb	< 50 ppb
Directions	Treatment of wrinkles around the lips	Treatment of deep facial wrinkles
Injection area	Medium-deep dermis	Deep hypodermis or over the periosteum
Duration of results	8-12 months	12-14 months
Needles	2x 27G 1/2"	2x 27G 1/2"

The beauty of the skin goes beyond aesthetics:  
it is a delicate balance of hydration, elasticity and radiance.

When choosing an aesthetic treatment like hyaluronic acid filler, it is essential to take care of the skin both before and after the procedure, to optimize results and promote a quick and natural regeneration.

The **Isomed® Cosmetics** line was developed to take care of skin, not only in preparation for and after hyaluronic acid filler, but also as a perfect daily beauty treatment, for those who want to maintain their skin always young, hydrated and radiant.

Three highly performing products:

**VENERE**  
**Hyal 3 P.M. Face Serum**  
multi-level moisturizing and antioxidant

**APHRODITE**  
**Hyal 3 P.M. Face Cream**  
smoothing and soothing

**ASTARTE**  
**Botox-Like Face Cream**  
with lifting and anti-wrinkle effects, suitable for mature skin

*Isomed® Cosmetics products were tested at the University of Ferrara  
on a heterogeneous sample of volunteers between 25 and 70.*

*The studies assessed the effectiveness of the treatments, analyzing their effects on hydration  
in the short term (after 7 days of use) and long term (after 30 days of use).*

Harmonious accents  
Flew from your lips,  
And from your laughing eyes  
Shone through the disdain  
and peace of Venus,  
Hope, tears, and kisses.

## HYAL 3PM FACE SERUM

Hyaluronic Acid 3 P.M.,  
Ferulic Acid, Niacinamide

### ACTIVE INGREDIENTS

- Hyaluronic Acid with 3 different Molecular Weights
- Ferulic Acid
- Niacinamide
- Glycerin

Paraben-Free

Powerful complex of Hyaluronic Acid with 3 different molecular weights, Ferulic Acid, Niacinamide with a triple hydrating, antioxidant and soothing action.

**Hyaluronic Acid**, thanks to the 3 Molecular Weights, combines hydrating and smoothing surface properties with deep hydrating and filling activities to an elasticising, toning and anti-wrinkle effect.

**Ferulic Acid** has a high antioxidant power and is able to neutralize free radicals.  
Helps skin to defend from premature aging and sun damage, including skin blemishes.

**Niacinamide**, also known as Vit. PP, is a multifunctional active ingredient with strong pro-aging and rebalancing properties. It minimizes skin imperfections and brightens epidermis thanks to its ability to improve its texture and reduce redness.

### INDICATIONS

Also ideal as pre- and post-filler treatment, designed to enhance and prolong the effect of the aesthetic treatment.  
Suitable for all skin types, even the most sensitive.  
External use. Avoid contact with eyes.

### HOW TO USE

Apply the contents of an ampoule, dabbing with your fingertips on face, neck and décolleté, morning and evening.  
For an enhanced effect, use also the specific **Face Cream** by **Isomed® Cosmetics** line.

## HYAL 3PM FACE CREAM

Hyaluronic Acid 3 P.M.,  
Lycopene, Lactobacillus Ferment

### ACTIVE INGREDIENTS

- Hyaluronic Acid with 3 different Molecular Weights
- Lycopene
- Lactobacillus Ferment Lysate
- Escin
- Rice Bran Oil
- Aloe Barbadensis Powder
- Witch Hazel Water

Paraben-Free

Nature and technology enclosed in a specific, highly concentrated and super hydrating formula.

**Hyaluronic Acid**, thanks to the 3 Molecular Weights, combines hydrating and smoothing surface properties with deep hydrating and filling activities to an elasticising, toning and anti-wrinkle effect.

**Lycopene**, a carotenoid produced by many red fruits, has strong antioxidant properties and protects against UV radiation damage which, caused by oxidative stress, induce premature skin aging.

**Lactobacillus Ferment Lysate** (Pre and Post-biotics), in addition to promote skin's defenses (innate immune system), protect skin from pollution and environmental aggressions, preserving a balanced skin microbiota.

### INDICATIONS

Also ideal as pre- and post-filler treatment, designed to enhance and prolong the effect of the aesthetic treatment.  
Suitable for all skin types, even the most sensitive.  
External use. Avoid contact with eyes.

### HOW TO USE

Apply a small amount of product, dabbing with fingertips on face, neck and décolleté, morning and evening.  
For an enhanced effect, use **VENERE Hyal 3PM Face Serum** by **Isomed® Cosmetics** line before **APHRODITE Face Cream**.

And from the foam of the sea, she  
[Aphrodite] was born, and came to  
the land of Cythera, and from there  
to the famous Cyprus, and the waves  
of the water gave her a welcome,  
and the grass sprang up at her feet,  
and she was very beautiful.

## BOTOX-LIKE FACE CREAM

Hexapeptide-8,  
Bakuchiol, Glycyrrhetic acid Acid

### ACTIVE INGREDIENTS

- Exapeptide-8
- Bakuchiol
- Glycyrrhetic Acid
- Solanum Lycopersicum Seed Oil
- Hematococcus Pluvialis Extract
- Acai Oil
- Witch Hazel Water

Paraben-Free

The Great Phoenician Mother,  
bound to the nightly sky  
and to fertility:  
she is the mother earth,  
the common progenitor  
of all living beings,  
plants, animals, and men.

Concentrated smoothing treatment with lifting effect.

**Hexapeptide-8**, innovative Biomimetic Peptide with proven lifting and anti-wrinkle action. Precursor of the family of Botox-Like Peptides, it is a topical alternative to botulinum toxin in the treatment of wrinkles.

**Bakuchiol**, multifunctional active with strong pro-age properties. It has the power to increase collagen production and stimulate cell renewal. It offers the same benefits as Retinol, without causing redness and dryness, making it suitable for sensitive skin.

**Glycyrrhetic Acid**, particularly active triterpene obtained by the extraction from liquorice root. It boasts anti-oxidant properties, inactivating free radicals, and soothing properties, acting specifically on skin reddened caused by external agents.

### INDICATIONS

Also ideal as pre- and post-filler treatment, designed to enhance and prolong the effect of the aesthetic treatment, specifically for mature skin.  
Suitable for all skin types, even the most sensitive.  
External use. Avoid contact with eyes.

### HOW TO USE

Apply a small amount of product, dabbing with fingertips on face, neck and décolleté, morning and evening.  
For an enhanced effect, use **VENERE Hyal 3PM Face Serum** by **Isomed® Cosmetics** line before **ASTARTE Botox-Like Face Cream**.
